Magic of Handford Hall

To Our Wonderful Year 6 Leavers 2025/26

Today we celebrate each one of you,
For all that you've achieved and the dreams you'll pursue.
You've learned, you've laughed, you've grown every day,
And now it's time to follow a brand-new way.

The classrooms you've known will always remain
Filled with memories, friendships, sunshine and rain.
From playground adventures to lessons well done,
You've made this school brighter and full of fun.

High school awaits with exciting new chances,
New subjects, new teachers, and life's new dances.
There may be some nerves as you step through the door,
But remember—you are capable of so much more.

Be brave when challenges come into sight,
Keep aiming high and hold on tight.
Believe in yourselves, be kind and be true,
For a future of possibility is waiting for you.

Your talents are many, your potential immense,
Your kindness and courage will make the difference.
The world needs your ideas, your laughter, your light,
And each of you shines incredibly bright.

So, carry your memories wherever you roam,
And know that this school will always feel like home.
We'll cheer you on proudly in all that you do,
Because the future is dazzling—and it belongs to you.

Good luck, Year 6, as you begin this new start,
Take confidence, hope, and kindness in your heart.
Dream big, work hard, and always be you—
The brightest of futures is waiting for you.
